Welcome! We invite you to join your new company and co-workers in supporting United Way.

We're Annie and Doug, and this is Colin.

Colin is seven years old and a first grader. He was two when we were told he has cerebral palsy. It was shocking, but then we just had to figure out how to adjust.

We've been fortunate to be referred to United Way partner agencies like Children's TLC and Helping Hands Therapeutic Riding Center. The therapists have worked with us as a team to find ways we can help Colin be independent. His speech has come a long way and they've built up his core strengths by making therapy really fun for him.

We'd both donated to United Way even before we knew our family would need its programs. Now we tell everyone that it's our child you're helping by giving. He is a real example of where your dollars are going.

Colin doesn't know that he can't do everything and we want it to stay that way. We're proud to be United Way donors, knowing that we're helping everyone in our community to reach their full potential, just like Colin is.

We don't just wear the shirt. We live it.

Advancing the Common Good

United Way is working to create opportunities for every person in our community to reach their full potential. In Greater Kansas City, we are focusing on the building blocks for a good life:

- Education
- Income
- Health

United Way connects people and organizations that bring the passion, expertise and resources needed to get things done.

Be Part of the Change. Please give.
