

Be a Part of the Change

United Way is working to advance the common good by creating opportunities for every person to reach their full potential. In Greater Kansas City, we are focusing on the building blocks for a good life:

- Education
- Income
- Health

United Way connects people and organizations that bring the passion, expertise and resources to get things done.

We want everyone to be a part of the change. Together, we can make it happen. That's what it means to "live united."
