

2009 Day of Caring Sample E-Mail Message

Don't miss out on an opportunity to pay it forward as we help the community!

On Saturday, June 6 our company will be participating in the 15th Annual Day of Caring, coordinated by the United Way of Greater Kansas City and the Heartland Combined Federal Campaign.

Last year our volunteer team was matched with **(name of nonprofit)** and we helped them **(description of activity)**. It was a great experience and you won't want to miss out on this year's project.

"I had such a good time last year. It was nice to be able to help the community and I also had a chance to see how my donations were being used," says **(past volunteer), (# of years)** veteran of Day of Caring.

To find out more about Day of Caring and to join our team, please contact **(name)** at **(phone #)**.

Thanks! I look forward to seeing you on June 6!
